

**“The existence of venomous animals in the world is as necessary and as beneficial as the clean running water that we drink, and the fresh air that we breathe.**

*One World*

**Together We Can Change Tomorrow Today**

We are the first generation who truly understands that the world our children grow up in, will be vastly different from our own. How we overcome the challenges of our time, will make the difference between a world that we tolerate, and a world in which we prosper. One World is for everyone who feels they are living in a period of change, who feels uncertain about the future, and who wants to make the world a better place.
